CITIZENS SHOW PATRIOTISM

BUSINESS MEN SHOW SPIRIT

Football Made Sure.

The business citizens of DeLand have shown their interest in Athletics at Stetson University by practical methods.

The following public spirited men have organized themselves into a Business Mens League for the purpose of financially backing and also advertising athletics at Stetson University:

Messrs. Wood, Jordan, Brooks, Allen, Dreka, Smith, Boyd, Osborn, Hon and Fountain. These men are all leading citizens of DeLand and the spirit with which they are taking up the proposition shows where their hearts lie for the student body and for the school.

With the energy that characterizes these men they at once called a meeting and outlined a general plan of proceeding in the matter. They are to advertise the games so far as possible and if at the end of the season there is any deficit, they will hold themselves responsible for the same. After watching the spirit manifested by the students and finding that the students were going out for football and intend to do everything in their power for it they at once decided to throw their influence and power into the game with the result that if the students want foot ball and keep up the spirit that has been shown so far there is no danger but what once again the Green and White will carry victory from the field for years to come. Organization upon a firm basis is the code of these men and students are earnestly requested to do all in their power toward the accomplishment of the end they seek.

Tickets will be handled by these men and they are to make it their duty to attend to incoming guests at the hotels that every new visitor to DeLand will know that Stetson has a team of which she may be proud.

Mr. Peterson, Mr. Dickey and Mr. Browning, Managers of the Basket Ball, Football and Baseball teams respectively are handling the athletic tickets which are to sell for five dollars and will admit the holder to all three athletic sports for the season. Each boy is expected to pay for his certificate for without this co-operation and a real help and spirit, football cannot be assured.

The appreciation of the backing of the citizens of the town cannot be overestimated for it means that not only the moral support of the townspeople are behind the movement but to make football sure they will do their part if the students do that which is their duty to do. It is hoped by this practical method of placing athletics on a firm basis at Stetson that in the years that will follow there will always be strong teams to back up the Green and White.

Students do your part too.

Mary Whittle is taking her M. A. at Columbia, New York.

Miss Evelyn Gradick, one of the freshmen 1914-15 at Stetson, is to be married October 25th., to Mr. Lawrence Caruthers, at her home in Jacksonville.

BASKET BALL OUTLOOK GOOD

Strong Line Up.

The prospects for a successful year in Basket Ball at Stetson has never been better. This is very gratifying to those who have seen the growth of this sport among the men here during the last five years.

We are fortunate in having Coach Hollander with us this season and that fact means much toward the State Championship. It was chiefly thru his efforts that the State Championship rested on the Green and White last year. The majority of last year's team are back and are ready for practice. Among these are Rutherford, Miller, Gardiner, Hon, and others. The presence of these old men as a nucleus will help to get the team started early in its old time form.

There is an unusual amount of excellent material among the new men who will make the race for the Varsity positions interesting. There is probably going to be a League formed such as there was at the beginning of last year and a series of games played, thereby giving all who are interested a chance to take part and show their abilities in this sport.

The Business Manager and his Assistant are working hard to secure plenty of games and trips for the team.

VARSITY CLUB.

The Varsity Club held its regular meeting Friday night with about thirty in attendance. The names of Medwin Peek and Sid Burns were brought up for membership and were accepted by the society. Mr. Linton Pickard was elected as the one to represent the Varsity Club on the Collegiate Board and Mr. R. H. Amidon as reporter for the Club.

After the business meeting a fine program was rendered the parliamentary practice being especially well conducted. The program was as follows:

Domestic Current Events—Lee Kinsinger.

Foreign Current Events—R. K. Smith.

Humorous Reading—Doug Roseborough.

Extempore—Curtis Gardiner.

Parliamentary Practice—Henry Lofquist.

Critics Report—Dean Smith.

There will be a good debate at the next meeting and all college men are invited to come out and see what the Club can do in this line.

JUNIOR LAW CLASS ELECTION

The Junior Law Class held its election of the officers of the year and the following officers were elected:

President—R. Peterson.

Vice-President—W. Pattishall.

Secretary—Mr. Pencke.

Treasurer—Mr. Carpenter.

Reporter—S. B. Berk.

A warm session of Parliamentary practice was indulged in with Mr. Fineburg on the floor, but standing up.

THE EUSOPHIAN LITERARY SOCIETY

Many Come Out.

The Eusophian Literary Society held its first meeting of the school year on Friday, September 22nd. A large attendance was present and a short extemporaneous program was carried out. Three meetings have been held since with a large attendance at each meeting, which is encouraging.

Very interesting programs have been rendered and we expect to make them so during the school year. As many of our girls are talented in music, we will have several musical programs during the year. We also expect to have several interesting debates.

All our meetings are "open" except when otherwise specified. In this way an opportunity is given to those who do not wish to join, to attend the meetings. Plans have been made for an artistic Cabinet in which the silver cup, which was debated for between the Varsity Club and the Eusophian Literary Society last year and won by the latter, will be kept.

The last meeting, which was held October 13th, was very interesting and successful. At which time about thirty-five girls were initiated into the Society. We are glad to welcome these new girls into our Society and hope that they will help to make the Society a great success this year. We also invite other college girls to join and co-operate with us.

GREEN ROOM CLUB.

The first meeting of the Green Room Club, which is the dramatic organization of the University, was held on the afternoon of September 27, the following officers were elected:

Miss Mercedes Powell, President.

Thos. W. McIlvain, Secretary and Treasurer.

Garland Hale, Business Manager.

Prof. Irving C. Stover, Director.

Tryouts for plays will be held this week, and from the numerous inquiries that are being made the year of 16 and 17 promises to be one of the best that this organization has ever enjoyed.

This organization is planning on presenting a number of plays this year, and wish to encourage all interested in this work to try out for parts in the various plays.

SIGMA NU FRAT DANCE GREATLY ENJOYED

On last Tuesday evening the Sigma Nu Fraternity boys gave a dance at the fraternity house on Michigan avenue at which about twenty-five couples attended. The evening was pleasantly spent dancing and a fine time was had by all present. Mrs. Woodall kindly chaperoned the party, with Mrs. R. P. Walters. Punch was served as refreshments.

The Sigma Nu Fraternity announce the pledging of William Cook of Jacksonville. Mr. Cook is in the college of fine arts.

KENT CLUB STRONG

Many Join This Year.

On last Friday night the Kent Club held one of the best meetings of the year at its room in Science Hall. The new men of the Law Department turned out in large numbers and a pleasing program was given to them. A debate on the resolution that "The Japanese should not be allowed to own land in America" was won by the negative unanimously. The debaters for the evening being for the affirmative, Mr. Wilson and Mr. Katz and for the negative Mr. Caro and Mr. Hazard. Both sides were very strong. President Young then gave a recitation, James W. Riley's famous poem, "An Old Sweetheart of Mine." Mr. Kelly, the attorney for the Kent Club, then gave a lecture on "Ethics for the Lawyer," which was greatly appreciated by the law men.

At the close of the meeting Mr. Miller invited the entire Club to the Phi Alpha Delta Law Fraternity smoker at the residence of Mr. Elwin Thomas and the Club adjourned.

Several new members added their names to the roll at the close of the meeting.

MISS MARTIEN ENTERTAINS

A very delightful social event of the school year took place at Chaudoin Hall Friday afternoon at four o'clock. Miss Martien held a tea at which the college women, the ladies of the faculty and the wives of the professors attended. Miss Martien was assisted by Mrs. Hulley, Mrs. Carson, Mrs. Peek, Mrs. Farris, Mrs. Smith and Miss Holden. Those who assisted in serving were Miss Gates, Miss Foard, Miss Spofford, Miss Stephens and the academy girls, who are staying at Chaudoin Hall.

The front parlor of Chaudoin was the scene of the festivities. Around the room were placed tables which were prettily decorated with flowers and lighted candles added to the uniqueness of the affair. The guests were served at these tables and the charming hostess gave all present a delightful time.

STETSON LITERARY SOCIETY.

At a well attended meeting of the Stetson Literary Society last Friday evening the following program was given which was greatly appreciated by all those present. Miss Lucy Gilbert gave a very interesting reading from the "Stetson Star." Parliamentary practice was then conducted with Mr. C. Lewis in the chair. The program ended with a debate on "Resolved that Germany is justified in her attitude in the present crisis." The negatives were the winners of the debate.

The club has been well attended this year and the society hope to make it the banner year of their organization. Those who are interested are requested to come out to it.

PHI ALPHA LAW FRATERNITY

Holds Smoker.

The Phi Alpha Delta Law Fraternity held its first smoker of the season last Friday night at the residence of Mr. Elwin Thomas on Florida Avenue. The new men of the Law Department were all present and this smoker is given to get the new men on a better basis of friendship.

Mr. Francis Miller was the toastmaster and speeches were made by the many prominent lawyers present. Prof. Bauer of the law faculty gave several good legal jokes. He was followed by Mr. Hull of the firm of Landis, Fish & Hull, who outlined ethics for the lawyer to be. Mr. Stewart of the firm of Stewart & Stewart then spoke on what the study in school meant to one after leaving. Mr. Pencke of the Junior Law Class, then spoke a few words to the gathering. He also made the evening pleasant by rendering two solos which were greatly enjoyed. Mr. Tony Bates accompanied on the piano.

The gentlemen present were served with sandwiches and cake by Miss Alice Steed and Miss Marjorie Thomas who served punch to the guests. After a good "smoker" the lawyers returned to their books ready to follow up the good advice given them by the lawyers present.

TRI DELTA RUSHING PARTY

Especially fine weather was ordered for Saturday the 14th as that was the day chosen for the Tri Delta rushing party. Six cars left Chaudoin about eight o'clock Saturday morning laden with Tri Deltas, Patronesses, Rushees, and eats. The destination was Wichiva Springs via Eustis. The springs are almost as beautiful as our own DeLeon Springs and most of the girls went swimming. From the shrieks that were heard, coming down the toboggan must have been heaps of fun.

Every one was ready for the delightful luncheon which was served, consisting of chicken salad, sandwiches, olives, angel food cake and fruit punch.

The return trip was made over splendid roads to Eustis, where the "City of Eustis," a large launch had been chartered, and the sunset hour was enjoyed on beautiful Lake Eustis.

A regular picnic supper was then served, consisting of "weenees," rolls, potato salad, and coffee. While waiting for the rising moon, "Tri Delt" songs were sung.

The return from Eustis was prolonged as much as possible, but where there are Chaudoin girls—. All voted that they had a wonderful time, and returned back to DeLand tired but happy.

Tissot and Parkhurst who reputed themselves to be mighty fishermen, recently wondered down the St. Johns that they might show their skill in the trophies that they would bring back. It is reported that all they got was sandspurs.

advising us as to where they are and what they
are doing.

All contributions should be typewritten, on
one side of paper only.

Address all articles intended for publication
to the business manager.

What does Athletics actually mean to a University? This may be best answered by considering the various phases of the Athletics in their relation to the University as a whole.

The primary as well as the fundamental object of all athletics is to develop the individual into a strong, sturdy, and robust type of man, and in this way add to the mental training he derives from his studies. For any Institution to turn out an individual who is capable and able to do a man's work in this world, some sort of athletics or exercise should be prescribed or at least provided for.

All the intellectual ability in this universe will not compensate for a constitution impaired thru too diligent application to one's books. For one to hold his own properly these days, he should have a proper balance betwixt the intellectual and the physical, otherwise his struggle for existence will be a sad and futile one.

As a medium of advertising, athletics is a great asset to any school. It is evidently true that no factor counts near as much in attracting prospective students to an institution as does the success of the school, not only scholastically, but athletically as well. The youth of today generally selects an institution which has shown great athletic ability and in this way athletics are a material factor in advertising the school. Merely to indicate the value of successful athletics in a university as a drawing card for students, we have but to mention Harvard, Yale, Cornell, Georgia Tech, California, Georgetown, and many others too numerous to mention. The athletic achievements and the results of the advertising thus accruing to them are very evident. Is there any reason why all Florida schools should not fare equally well in this respect, especially considering the fact that weather conditions are so admirable?

The advantage of athletics, then, are two fold, embracing both the students themselves, and the University in which they have matriculated. Every school wants a student body blessed with that best of all gifts, "a sound mind in a sound body" and the name and renown of which shall spread o'er the Universe. Then here's to all Florida schools, may they take their place in athletic history with the great schools of the country.

Our Law Department.

The Law Department of the University speaks well this year of the unceasing efforts of Dean Rasco to build up and keep strong the leading department of the University. Over seventy-five men are taking law and the Junior Class alone has thirty-three members in it while the Senior Law ranks with about fourteen men. This speaks for the high standards which are being kept that will bring men to our University to enter this department. Dean Rasco has worked well and proud he can be of the large classes which are the result of his untiring work to make the law department of the University such a standard that it will be known from end to end of our fair State.

If there is any doubt but what the men on the gridiron are not going to make good let him wander to the athletic field after three o'clock and he will see as fine a set of men for an eleven to defend Stetson that she ever produced.

One cannot impress upon the minds of the men in training that cigarettes must be left out of their daily lives if they expect to make good. There is no use whatever of going out on the field to prepare for action and then smoking all the time as soon as you leave. Don't you want Stetson to win? Such men are the cause of many a defeat which should have been victory and if the Green and White holds its own this year as it should every man should make it his moral duty to quit smoking.

We greet Mr. Bailey as a new addition and benefit to the team that is going to make good. He is a big man and should help strongly in the making of the chain of defense.

Listen.

Have you ever stopped to think that besides having faith, love and charity that there must be loyalty? That is the greatest of them all. If you can look to your friends to your family and inwardly be sure that your heart holds loyalty then you are a man. It not only brings praise upon yourself but will make up for a multitude of other sins. If you expect a head stone when you die, and the sobs of a bereaved multitude then out with your loyalty, dig deep down in yourself and show every man you are loyal. Friendship and patriotism both are the result of a loyal man. Stand with Stetson and show your loyalty by making one of the greatest teams in her history for her. She will put you in her records of history as the most loyal of her sons and worthy is the place.

The manner in which the business men of the town have taken in hand the football situation is worthy of note for it but goes to show the feeling of patriotism displayed by our public spirited citizens in this matter. They want a team as well as the student body for the fame of Stetson means as much to them as every matriculate within its walls. All credit and honor to the men who are loyal to their University.

The following contribution was mailed to The Collegiate for publication and deserves space within its columns:

College Students for Prohibition.

In the states which vote upon the wet and dry question in November, college and university students are very generally found on the side of prohibition and in many cases actively campaigning

for it. In Michigan 700 college men are going about in pairs and quartets as speakers and entertainers at prohibition rallies. In California, during vacation, students have been speaking, canvassing and distributing literature.

The four colleges in Montana have furnished prohibition workers for that state, and in South Dakota several teams of college students are helping in the campaign. An item of interest is the straw vote taken in the Michigan Agricultural College at Lansing. It resulted as follows: Men, dry 464, wet 117; women, dry 169, wet 7. Of the men 79.8 per cent for state-wide prohibition; of the women 96 per cent.

The Editor desires to express his thanks for the many contributions of articles of interest passed in by the students for the paper. If you want a bright, newsy paper it is up to the student body to make it so. Don't hang back. Remember there is a lot of space to fill.

If you have not received a paper yet see the business manager and arrange for one with him.

Misses Stevens and Spofford spent the week end in Palatka. Miss Spofford was the guest of Miss Stevens. Both are on the college faculty.

VESPER SERVICE

"Choosing a Profession."

President Hulley's Vesper Address last Sunday was a strong and forceful discussion of one of the most momentous necessary questions which is confronting every young man and woman in the University. "The Choosing of a Calling."

He selected as the text the words, "There are diversities of gifts," a fact repeated many times in the Scriptures, and clearly recognized in real life. Every professor will tell of students in his department who are especially gifted along that line. He emphasized the fact that God has a plan in life for each one of us, not necessarily a plan worked out in every detail, but in the giving of each individual special gifts. He has cast him in some certain mold. In some cases this shows itself in a strong bent for one particular line, and this is a genius. But just as often one person finds himself with special endowments along several lines.

Dr. Hulley brought out the point that whether the gift be one of many, small or great, an education will improve these gifts and make it possible for the person to succeed in a number of callings he might choose. Industry and application will raise small abilities to the Nth power. Education increases and multiplies our gifts.

He spoke most interestingly of the many occupations open to the young people of the present time in contrast with the few of a hundred years ago. He spoke of the kinds of success to be attained, and showed that while success of a worldly nature might not come to some very honorable callings, such as the ministry, the teaching professor, or the missionary, that there were compensations which would make them worth the while for any young man or woman with an inclination toward any of them.

"What is success?" said Dr. Hulley. "Are you going to measure success by the amount of money we can accumulate, or the amount of worldly influence or power we can exert, or the position that we can command? These things are only incidents in life. As incidents they are all right, but as ends or aims are low, and in some cases to be condemned.

He urged the students not to decide too quickly upon their calling, but to get as much preliminary preparation as possible, and then something would appeal to them which might not have in the early days of their preparation. But having chosen a profession or calling, stick to it, and put all of their energy upon that one calling.

In closing Dr. Hulley urged the students to have the right attitude toward their work. To take up a work in which they might be of service to God and their fellow men. In short, to have the attitude of Paul who said when he was converted, "Lord what wilt thou have me to do?" This consecration of purpose does not, however, relieve the individual of the necessity, humanly speaking, of choosing one's own life work.

The musical part of the program Sunday evening was especially good. Miss Elizabeth Miller sang "Oh Had I Jubal's Lyre" from Handel. The Vesper Choir sang the anthem, "The Wondrous Cross." The service closed with the singing of the anthem, "The

King of Love My Shepherd Is," by Gounod. In this, Miss Miller and Mr. Prestwood sang a duet, and Miss Spofford a contralto solo, the effect of the entire selection being very pleasing.

The Green Room tryout was very well attended and the material certainly looked good for rest of this year for the Green Room Dramatic Society.

Prof. R. P. Bauer of the Law Faculty while at his home in Deer Lodge, Montana, this summer, devoted a good deal of time to an article appearing in the Central Law Journal on "A Rational Rule of Proximate Causation in Torts. This should be of interest to the law men as the article is a masterly achievement. Prof. Bauer is a member of the American Bar Association and was present at their convention in Chicago in the closing days of August.

Julian Hazard of the Junior Class of the Law Department left for his home in Tampa for a few days on business. Mr. Hazard returned Wednesday.

Perry Rey's father was a visitor to DeLand to see his son who stays in Conrad Hall. Mr. Rey is a partner of Cuesta who manufactures the Cuesta-Rey cigar.

The many friends of "Bar Harbor Sherman" will be pleased to know that he will return to Stetson from the North in a few weeks. Mr. Sherman has been spending the summer at his home in Bar Harbor, Maine.

Miss Myrtle Conrad, a graduate of Stetson last year, who is teaching school in Sanford, was a visitor at DeLand over the week end.

Mr. Austin Conrad of Glenwood was a visitor to the campus this week.

Mr. Tom Jackson, F. M. Young and Julian Hazard, accompanied by their Spanish friend, were visitors at DeLeon Springs on Sunday.

Every one is earnestly requested to send in news, nothing is too large or too small, but what it will be given attention; if not in this issue, in the next.

Mr. Bailey, who has recently come to us as a law student. Bailey is a ten second man in football and is out for the team this year.

Mr. Phunie Steed of DeLand has been sent to the Mexican border by the government to do duty there. Mr. Steed is a lawyer and graduate of Stetson and a lieutenant in the State militia.

The recent rat meeting held back of Conrad Hall came very near ending seriously for those who participated therein and long and ardently did every one worry, thinking that he might have to depart from Stetson. The discipline committee placed the men on probation and lets hope there will be no further disturbances.

On Monday afternoon the Executive Board of the Stetson Weekly Collegiate met in the Greek room in Elizabeth Hall to organize and transact business. Mr. Longstreet was appointed chairman and Miss Mercedes Powell secretary of the board. After a short business session the board adjourned.

Miss Julia Church of Brunswick, Georgia, is at Chaudoin again this year. Miss Church is a member of the Green Room Dramatic Club and her talents are highly appreciated.

Miss Edith Foley of Jellico, Tenn., has enrolled as a freshman.

A. J. Parkhurst, of the Junior College Class, is registered at Stetson once more.

Mrs. Frank Brown of Jacksonville, Florida, formerly Helen Taylor, is visiting her parents at DeLand. Miss Brown is a Tri-Delt.

Martha Swain who was a Freshman at Stetson in 1914-15. She has entered the University of Tennessee, Knoxville for the 1916-17 college year.

The Pi Phi Sorority announce the initiation of Miss Louise Rogers.

Prof. Bauer of the Law Department, has been elected as a member of the American Bar Association which held its last meeting in Chicago. Prof. Bauer and his wife spent the summer at their home, Deer Lodge, Montana.

General Stokes says, "There's no such animal as thirty-six hours in a day, but I can see where there might be twenty-eight. See Kent Club Record, Volume No. 2, headed, "Stokes' Famous Reply to McIlvain." We must agree with you, General, for when we want to sleep in the morning twenty-eight hours more would feel good.

Miss Katherine Witty of Springfield, Ill., is staying at Chaudoin. Miss Witty and her brother were students at Stetson last year.

Parson Walker paid his respects at the Phi Kappa Delta House the first of the week.

Harold Wilson is registered in the Junior Law Class for this year. Mr. Wilson's home is in Miami.

Biddy Burdick, one of last year's students at Stetson and the wonder of the third sack, was a business visitor at Stetson from Sunday until Tuesday. His college friends regret that he is not returning this year to Stetson to continue the wonderful record he held in the Stetson Baseball nine.

William Lourcey of New Smyrna, Florida, last year's catcher on the famous Stetson nine, was in town for a few days and came up to greet the boys. Mr. Lourcey is a lawyer, having secured his degree at Stetson University.

"LOOK the part"—there's a new Stetson hat for you, with just the right touch of "swank."

The very eye of style—for motoring, sports and a day about-town.

**UNCLE DAN'S
BIRTHDAY DINNER**

Prof. D. J. Blocker, more familiarly known on the campus as "Uncle Dan," treated his fraternity brothers in Phi Kappa Delta, and several friends to a sumptuous chicken dinner. Promptly at seven thirty the host and guests repaired to the dining room of Chaudoin. The guests numbered thirty-six.

The fried chicken was properly and promptly disposed of according to the liking of the guests and host. Much fun and merriment was indulged in. J. P. Simmons and Tony Bates each had the misfortune to lose their respective dinner plates when they were taken for the platters of fried chicken.

When after the desires of all had been gratified from a generous supply of menu, after dinner speeches were made the order of the evening. Prof. B. F. Brass acted as toastmaster. The speakers were W. A. Pattishall, D. C. Hull, F. R. Osborne, Dr. Hulley, and Dr. MacDiarmid. Each one sounded their speech with words of heartfelt praise for the host. The Phi Kappa Delta boys presented Uncle Dan with a silver spectacle case. While the town guests presented him with an initialed gold fountain pen.

The birthday festivities were terminated in a highly unique and pleasing way. Uncle Dan announced, after carrying his guests to very high emotional state by words and phrases wrought with suggestion, the wedding of Mr. Clifford Botts to Miss Lillian Tweedy.

Among the old faces of last year on the campus was that of Fairfax Haskins of Sebring, Florida, who graduated from the Law Department in 1916. Mr. Haskins is practicing law in Sebring. He was one of Stetson's leading students, active in all college affairs and Stetson will miss his face from her campus. Owing to business affairs Mr. Haskins could remain only for a few days. We always welcome any of the Alumni, and regret his departure.

John Leonard of Osteen, Florida, was back to say "hello" to Stetson. Mr. Leonard is a graduate of last year from the Law Department and expects to open a law office in DeLand. Come on John, I think we have a divorce to settle.

Miss Mary Lou Wilson, formerly of Stetson, has entered the Randolph-Macon College for Women in Virginia.

Among the faces to be seen at Chaudoin again is that of Miss Olive Berger, the housekeeper. Her pleasant smile is welcomed back again.

Titusville, Florida, sends us as students, Miss Mary Mosby, Miss Nainee Froscher and Mr. Reginald Wagner. This city is one of Stetson's stronghold.

Misses Virginia Roop, Bee Christianson and Carmen Ericson are representing Miami at Stetson. They are pleasantly located in Chaudoin.

Miss Margaret Frary, a student at Stetson last year, has gone to Boston, where she is to enter the New England Conservatory of Music. She will study music, dramatic expression, German and Art. Miss Frary has won many medals for her brilliant talent.

Phillip Jones of Lake City, Florida, who was with us for a few days has gone to Alabama to study medicine.

Anthony Bates, the official chimer of Stetson, is back with us again. We like you, Tony, but please go easy on the "ringers" when we are trying to cram early in the morning.

Miss Bernalyn McBride and Forrest McBride of Seville, are registered at Stetson again this year.

Among some of this year's arrivals at Stetson are Miss Alice Sarven of St. Petersburg, Misses Fearn Hibbard and Harriet Crane of New Smyrna and Carol Jackson of Watertown.

We wandered thru the halls of Conrad the other evening and every "rat" quickly looked up. We wonder why they worry so when all is so calm. Perhaps they think a storm is behind it. Aw, Rats, Rats!

John Kruse has gone to Georgia Tech.
